The Federal State Autonomous Educational Institution of Continuing Professional Education "State Institute of New Learning Modes" invites partners to cooperation in 2019-2020!

In 2019 – 2020 the Federal State Autonomous Educational Institution of Continuing Professional Education "State Institute of New Learning Modes" commissioned by the Ministry of Education of the Russian Federation provides training on an additional professional retraining program for managers and management teams of professional educational organizations, "Cluster interaction management in the Secondary Vocational Education" ("School of Secondary Vocational Education Leaders": cluster interaction).

The Category of Trainees:

▶ directors and deputy directors, heads of departments, representatives of the personnel reserve of educational organizations implementing secondary vocational education programs;

▶ heads (deputy heads) of the executive authorities of the constituent entities of the Russian Federation in the field of education.

The Results of the Program: cluster interaction models developed by trainees during the course, as well as portfolios of educational organizations development projects.

In the first half of 2019, 127 people from 63 educational organizations, 34 constituent entities of the Russian Federation, were trained.

In the second half of 2019, the training program will take place from September to October: 120 people from 60 educational organizations, 15 constituent entities of the Russian Federation.

In 2020, 240 people from 120 educational organizations, 30 constituent entities of the Russian Federation will be trained.
The Program involves teachers - Russian experts in the field of vocational education, owning best practices in the field of cluster analysis and project management, representatives of international and Russian companies, corporate universities and business clusters, representatives of federal and regional government bodies in the field of education and social economic development. Expert support for the implementation of the Program is provided by the Ministry of Education of Russia.

"SCHOOL OF SECONDARY VOCATIONAL EDUCATION LEADERS: CLUSTER INTERACTION" — SUCCESSFUL DEVELOPMENT PROJECT MANAGEMENT!

Conference on the introduction of the mechanism of cluster interaction in the system of secondary vocational education in the constituent entities of the Russian Federation

Preliminary date for the Conference: November – December 2019. Traditionally the conference is held as part of the XIII International Congress Exhibition "Global Education — education without limits".

As speakers at the Conference will participate:

- representatives from the Ministry of Education of the Russian Federation;
- heads of enterprises and organizations that are employers for graduates of vocational educational organizations providing training in professions and specialties from the TOP-50 list.

The Conference Committee would like to invite management teams and teaching staff of professional educational organizations.

Based on the results of the Conference, a Resolution will be adopted.

"SCHOOL OF SECONDARY VOCATIONAL EDUCATION LEADERS: SECTORAL INDUSTRY NETWORKING"

Conference on the dissemination of the results of the implementation of targeted development tools based on the development of VET development programs that carry out sectoral collaboration in the constituent entities of the Russian Federation
